# Alejandro Cardona

Calgary, Canada          Ph: 1-403-629-3274          alejandrocqvd@gmail.com          GitHub.com/alejandrocqvd

## PROFILE

Aspiring software engineer with an innovative and results-driven mindset that focuses on being a strong collaborator within any type of team. Skilled in multiple programming languages and frameworks with experience in both individual and team-based development. Confidence in my ability to make a positive impact on any team as my eagerness to learn and grow continues to fuel my passion in software development.

**Key strengths are:**

- Honed in critical thinking skills with a strong and adaptable work ethic to deliver sound and effective results.
- Bilingual (Spanish), effective communicator with active listening skills to become a reliable and influential team member.
- Open mindset with a desire to learn and keep up-to-date with the latest industry standards.

## SKILLS

**Languages** Python, HTML, CSS, Java, JavaScript, ARMv8 Assembly, SQL, C

**Libraries and Frameworks:** JavaFX, Django, Numpy, Express

**Other Tools:** Node.JS, Photoshop

## EDUCATION

**University of Calgary /** BCs in Computer Science  -  **CGPA: 3.94 / 4**
SEPTEMBER 2022  - PRESENT, Calgary, Canada.
**Awards and Honours:** Alexander Rutherford Scholarship, Faculty of Science Dean's List

## PROJECTS

**CineSeen /** HTML, CSS, JavaScript, Node.JS, MongoDB
SEPTEMBER  2023
- Uses MongoDB to create a database with a back-end that manages your favourite directors and their movies, and pairs it with a visually appealing and easy-to-use front-end.

**GreenThumb Sim /** Java, Swing
APRIL 2023
- Uses Java's multithreading capabilities to create a virtual greenhouse environment and monitor its temperature, soil moisture, and humidity.

**Portfolio Website /** HTML, CSS, JavaScript
JUNE 2023
- Individually developed and designed a personal portfolio website to showcase future goals and accomplishments.
